

A FAMILY DRIVEN BY DEFENDER HERITAGE

We are the second generation of a family-owned company. We restore, customize and export classic luxury cars and customized Land Rovers all around the world.

Our friendly and knowledgeable staff and partners have been in this field for over 40 years. Operating in 13 different craftsman shops, we can help you customize any vehicle in the amazing Defender spirit.

We limit our builds to 12-15 Land Rover Defenders each year, mostly to specifications but with all innovations. Each build takes 6 months to complete. Olivier and Pascal are driven by heritage, guided and

Some companies in Europe and South Africa have long delays in customizations and restorations. We have taken advantage of fast changes in regulations to offer you a streamlined, secure process:

You do not have to worry about import rules fast changes. Import and titling are guaranteed even as US or European laws are changing.

You will not be charged extra duties, import taxes,

large increases in transport cost, or exchange rate changes between your order and payment. You will wire your money to a US registered company, bypassing potential issues with the IRS.

You will pay a fixed price. Shipment of parts, taxes, and duties are included. We will hedge your payment for this.

You will get financing, warranty, and after-sales support of the largest and reliable luxury SUV and Jeeps provider in United States.

Your build is 25 years old VIN certified by Land Rover Manufacture, protecting you of any VIN swap and future seizure.
